## 150 x 50mm - Single Radius

Single

### PRODUCT DESCRIPTION

Nova White Foam Compounding Pad is a high quality, low density, open cell foam specifically designed for machine use with a liquid cutting and polishing compound. The structure of the foam cells assists in keeping the panel cool whilst offering a fast cutting/polishing action. Operating temperature is -10°C to + 150°C

### PRODUCT BENEFITS

- \* Cool running
- \* Fast cutting action
- \* Extremely durable

### PRODUCT USAGE

For compounding and polishing vehicle paintwork.

### DIRECTIONS FOR USE

Use in conjunction with Nova Powercut 141 Compound/polishing liquid. Follow the manufacturers instructions.
